How We May Use and Disclose Health Information About You

Listed below are examples of the uses and disclosures that Nicasa may make of your protected health information ("PHI"). These examples are not meant to be exhaustive. Rather, they describe types of uses and disclosures that may be made.

Uses and Disclosures of PHI for Services, Payment and Health Care Operations

Services. Your PHI may be used and disclosed by your physician, counselor, program staff and others outside of our program that are involved in your care for the purpose of providing, coordinating, or managing your health care treatment and any related services. This includes coordination or management of your health care with a third party, consultation with other health care providers or referral to another provider for health care treatment. For example, your protected health information may be provided to the state agency that referred you to our program to ensure that you are participating in treatment. In addition, we may disclose your protected health information from time-to-time to another physician or health care provider (e.g., a specialist or laboratory) who, at the request of the program, becomes involved in your care. Except for emergency services, we will not send your PHI to an outside health care provider who is caring for you unless you give us written authorization to do so.

Payment. Examples of payment-related activities are: making a determination of eligibility or coverage for insurance benefits, processing claims with your insurance company, reviewing services provided to you to determine medical necessity, or undertaking utilization review activities. If you are in a substance abuse treatment program, we will not use your PHI to obtain payment for your health care services without your written authorization. If you are in a mental health program, we may use your PHI to obtain payment for your health care services without your written authorization.

Healthcare Operations. We may use or disclose, as needed, your PHI in order to support the business activities of our program including, but not limited to, quality assessment activities, employee review activities, training of students, licensing, and conducting or arranging for other business activities. For example, we may use a sign-in sheet at the registration desk where you will be asked to sign your name and indicate your physician or counselor. We may also call you by name in the waiting room when it is time to be seen. We may share your PHI with third parties that perform various business activities (e.g., billing or typing services) for Nicasa, provided we have a written contract with the business that prohibits it from re-disclosing your PHI and requires it to safeguard the privacy of your PHI.

We may contact you to remind you of your appointments or to provide information to you about treatment alternatives or other health-related benefits and services that may be of interest to you. We may also contact you concerning Nicasa's fundraising activities.

Other Uses and Disclosures That Do Not Require Your Authorization

Required by Law. We may use or disclose your PHI to the extent that the use or disclosure is required by law, made in compliance with the law, and limited to the relevant requirements of the law. You will be notified, as required by law, of any such uses or disclosures. Under the law, we must make disclosures of your PHI to you upon your request. In addition, we must make disclosures to the Secretary of the Department of Health and Human Services for the purpose of investigating or determining our compliance with the requirements of the Privacy Rule.

Health Oversight. We may disclose PHI to a health oversight agency for activities authorized by law, such as audits, investigations, and inspections. Oversight agencies seeking this information include government agencies and organizations that provide financial assistance to the program (such as third-party payors) and peer review organizations performing utilization and quality control. If we disclose PHI to a health oversight agency, we will have an agreement in place that requires the agency to safeguard the privacy of your information.

Medical Emergencies. We may use or disclose your protected health information in a medical emergency situation to medical personnel only. Our staff will try to provide you a copy of this notice as soon as reasonably practicable after the resolution of the emergency.

Child Abuse or Neglect. We may disclose your PHI to a state or local agency that is authorized by law to receive reports of child abuse or neglect. However, the information we disclose is limited to only that information which is necessary to make the initial mandated report.

Deceased Clients. We may disclose PHI regarding deceased Clients for the purpose of determining the cause of death, in connection with laws requiring the collection of death or other vital statistics, or permitting inquiry into the cause of death.

Research. We may disclose PHI to researchers if (a) an Institutional Review Board reviews and approves the research and a waiver to the authorization requirement; (b) the researchers establish protocols to ensure the privacy of your PHI; (c) the researchers agree to maintain the security of your PHI in accordance with applicable laws and regulations; and (d) the researchers agree not to redisclose your protected health information except back to Nicasa.

Criminal Activity on Program Premises/Against Program Personnel. We may disclose your PHI to law enforcement officials if you have committed a crime on program premises or against program personnel.

Court Order. We may disclose your PHI if the court issues an appropriate order and follows required procedures.

Interagency Disclosures. Limited PHI may be disclosed for the purpose of coordinating services among government programs that provide mental health services where those programs have entered into an interagency agreement.

Public Safety. If you are in a mental health treatment program only, we may disclose PHI to avert a serious threat to health or safety, such as physical or mental injury being inflicted on you or someone else.

Uses and Disclosures of PHI With Your Written Authorization

Other uses and disclosures of your PHI will be made only with your written authorization. You may revoke this authorization at any time, unless the program or its staff has taken an action in reliance on the authorization of the use or disclosure you permitted.

Your Rights Regarding your Protected Health Information

Your rights with respect to your protected health information are explained below. Any requests with respect to these rights must be in writing. A brief description of how you may exercise these rights is included.

You have the right to inspect and copy your Protected Health Information

You may inspect and obtain a copy of your PHI that is contained in a designated record set for as long as we maintain the record. A "designated record set" contains medical and billing records and any other records that the program uses for making decisions about you. Your request must be in writing. We may charge you a reasonable cost-based fee for the copies. We can deny you access to your PHI in certain circumstances. In some of those cases, you will have a right to appeal the denial of access. Please contact our Privacy Officer if you have questions about access to your medical record.

You may have the right to amend your Protected Health Information

You may request, in writing, that we amend your PHI that has been included in a designated record set. In certain cases, we may deny your request for an amendment. If we deny your request for amendment, you have the right to file a statement of disagreement with us. We may prepare a rebuttal to your statement and will provide you with a copy of it. Please contact the Nicasa Privacy Officer if you have questions about amending your medical record.

You have the right to receive an accounting of some types of Protected Health Information disclosures.

You may request an accounting of disclosures for a period of up to six years, excluding disclosures made to you, made for treatment purposes or made as a result of your authorization. We may charge you a reasonable fee if you request more than one accounting in any 12 month period. Please contact our Privacy Officer if you have questions about accounting of disclosures.

You have a right to receive a paper copy of this notice.

You have the right to obtain a copy of this notice from us. Any questions should be directed to our Privacy Officer.

You have the right to request added restrictions on disclosures and uses of your Protected Health Information.

You have the right to ask us not to use or disclose any part of your PHI for treatment, payment or health care operations or to family members involved in your care. Your request for restrictions must be in writing and we are not required to agree to such restrictions. Please contact our Associate Director if you would like to request restrictions on the disclosure of your PHI.

You have a right to request confidential communications.

You have the right to request to receive confidential communications from us by alternative means or at an alternative location. We will accommodate reasonable, written requests. We may also condition this accommodation by asking you for information regarding how payment will be handled or specification of an alternative address or other method of contact. We will not ask you why you are making the request. Please contact the Client Services Department if you would like to make this request.

Drug Testing Agreement

I, _____, understand that I am expected to undergo random urinalysis drug testing throughout my treatment. I further understand the results of these tests will be confidential except for those parties identified through a written Release of Information statement. I understand that repeated positive drug tests may be in violation of my treatment agreement and may result in a further referral.

Nicasa will perform a redi-screen test on all urine samples. If the test is positive, I have the right to have the test retested using an independent lab designated by Nicasa. I understand I will be financially responsible if there is a confirmed positive result.

If a 3rd party (i.e. referral source such as court or a community agency) requires that Nicasa test my urine using an independent lab in order to get levels, and I give permission to have this done, I will be responsible for the fee regardless of the test results. I understand that I have the right to refuse this retest for levels and that I am responsible for informing the 3rd party that I refused the retest.

I understand that if I refuse to take a drug test, it will be documented in my file and viewed as a positive result.

Nicasa will hold all urine that tested positive via the redi-screen test for seven days. After this point, I understand that I will no longer be able to request a retest.
